■平成25年度の目標に対する自己点検・評価

I. 学長の定める重点目標

I-1. 教員養成大学教員としての授業実践

中央教育審議会は、「教職生活の全体を通じた教員の資質能力の総合的な向上方策について」答申したが(平成24年8月28日)、その中で「教員を高度専門職業人として明確に位置付ける」と提言している。この答申の考え方を実現するため、教員養成大学に籍を置く教員として、将来、教師を目指す学生に対してどのような授業実践を展開すればよいか。あなたの取り組みを、①授業内容、②授業方法、③成績評価の三つの観点から示してほしい。

1. 目標・計画

There is ample indication that the Board of Education is starting to look ahead to the next curriculum change regarding elementary school English education. With this in mind we will be conducting research at Fuzoku elementary school. This year we will be piloting a project which we hope to conduct over the next three years. While I will be continuing to help students at the University and teachers in the community to implement elementary school lessons under the current course of study, we will be looking toward the future with our research at Fuzoku elementary school.

2. 点検・評価

We completed the first year of our pilot study at FUZOKU elementary school. We conducted phonics training/treatment and then a post test (as well as pretest at the beginning). We will be analyzing the results from now. I also conducted volunteer sessions to help students develop their communicative competence every week and helped students with their thesis writing in English.
