■平成24年度の目標に対する自己点検・評価

I. 学長の定める重点目標

I-1. 科研費申請に向けた計画等

国立大学法人運営費交付金は年々削減され、教員の研究費配分も厳しくなっており、教員各自が研究のための外部資金を獲得しなければならない状況である。そこで、科研費申請に向けて、あなたが考えているテーマと計画等について示してほしい。

1. 目標・計画

-research on classroom practice in 外国語活動: The new course of study should be meaning focused (communicative). I would like to research how much focus is actually placed on meaning (communication) and how much is focused on form (for example, vocabulary building)
-research issues and problems that ALTs face in Japan

2. 点検・評価

-I conducted research on classrom practice in Foreign Language Education, researching how much focus was put on communication.

I-2. 大学院学生定員の充足に向けた取り組み

専攻・コースのこれまでの大学院学生定員の充足状況を踏まえた上で、あなたは定員充足のためにどのような取り組みを行うか、具体的に示してほしい。

1. 目標・計画

I believe that a number of in-service teachers have been attracted to this University by the workshops (出張型研修) that the 小学校英語教育センター has held. I believe that 兼重昇先生 had done a lot to attract in-service teachers to the graduate program. My goal this year is to try to fill the gap left by his absence, building a new network of elementaryschool teachers. With this aim I will do the following:

-offer weekly workshops on Thursday evenings for elementary school teachers.
-try to interest school teachers in a 小学校英語センター trip to Australia next August.
-support existing graduate students to increase their satisfaction in the course.
