

## Naruto University of Education “International Education Open Forum”

The Future of International Educational Cooperation, Looking beyond Corona:  
Reflecting on Online Activities

This forum aims to create a place where participants can share their wisdom through the exchange of information on the actualities of international educational cooperation activities being conducted at Naruto University of Education (NUE) and the activities of the international students and other students who have participated in these activities, as well as to consider the future direction of the development of "global human resources" and "global teachers" whose activities expand beyond Japan.
